TECHNICAL SPECIFICATIONS

Summary

The 2017 Ford F 250 XL is a four-wheel drive pickup truck with a 6.7L V-8 engine producing 440 horsepower and 925 lb.-ft. of torque. It has a 6-speed automatic transmission and a fuel capacity of 34.0 gallons. With a seating capacity of 3 passengers and a cargo capacity of 12.0 cubic feet, this truck is designed for both power and utility. It has a curb weight of 6885.0 lbs and is equipped with 275/70SR18.0E tires. The truck has a spacious interior with front headroom measuring 40.8 inches. It has a wheelbase of 142.01 inches and measures 231.81 inches in length, 80.0 inches in width, and 81.1 inches in height. The fuel efficiency, measured in miles per gallon (mpg), is not specified.

NOTE: This package does not	Exterior - Custom Exterior - Spare Tire, Wheel, Carrier & Jack Features: Spare tire is standard equipment; becomes optional when (66D) Pickup Box Delete is ordered.

include CNG/Propane fuel tanks, lines, etc. Vehicle will be equipped with the standard factory gasoline fuel system. Additional equipment combined with Certified calibration reflash is required, from an external upfitter, to convert the vehicle to a CNG/Propane fueled vehicle. See Alternative Fuel Buyers Guide: www.ford.com/altfuelbuyersguide. Ford Motor Company does not provide an exhaust or evaporative emissions certificate with this option when converted to use CNG or Propane fuel. Ford does not represent that a vehicle converted to use CNG or Propane will comply with all applicable U.S. or Canadian safety standards. It is the responsibility of the final stage manufacturer (body-builder, installer, alterer or subsequent stage manufacturer) to determine that any vehicle converted to use CNG or Propane complies with U.S. Federal, California or Canadian exhaust and evaporative emission requirements, Federal fuel economy standards, U.S. and Canadian safety standards, labeling and any other requirements.

Exterior - Custom

Exterior - 5th Wheel/Gooseneck Hitch Prep Package

Features:

- Includes 5 pickup bed attachment points with plugs, 1 frame under-bed cross member and 1 integrated 7-pin connector on driver's side pickup bed wall. 5th wheel hitch compatibility: the 5th Wheel/Gooseneck Prep Package (53W) is compatible with the factory orderable 5th Wheel Hitch Kits (15K and 15L) and dealer-installed Ford custom accessories 5th Wheel Hitch Kit by Reese - part #BC3Z-19D520-A (8ft box only). The prep package is also compatible with Reese Signature Series 5th wheel hitch kits updated with a new Leg Service Kit - part #BC3Z-A00A25-A (8ft box only). The 5th Wheel Hitch Kit (15K), 5th Wheel Hitch Kit (15L) and dealer-installed Ford custom accessories 5th Wheel Hitch Kit by Reese - part #BC3Z-19D520-A is not released to the short box (6.75ft box). NOTE: the short pickup box provides less clearance between the cab and 5th wheel trailer compared to long box pickups. The receiver centerline of the hitch should be mounted at least 2' forward from the rear-axle of the truck chassis. When selecting a trailer and tow vehicle, it's critical that this combination provide clearance between the cab and tow vehicle for turns up to and including 90 degrees. Failure to follow this recommendation could result in the trailer contacting the cab of the tow vehicle during tight turns. Gooseneck hitch compatibility: the 5th Wheel/Gooseneck Prep Package (53W) is compatible only with the factory orderable Gooseneck Hitch Kit (15J), Gooseneck Dual Hitch
